OBJECTIVE:

Enthusiastic and self-taught Junior Web Developer with a strong foundation in front-end technologies including HTML, CSS, JavaScript, and React. Through personal projects and online courses, I have cultivated a deep interest in web development and a commitment to developing user-centric websites and applications. With proven problem-solving skills and a keen eye for design, I am seeking an opportunity to bring my dedication and passion for web technologies to a team-focused environment. Eager to contribute to meaningful projects and further develop my skills under the mentorship of experienced professionals.

WORK EXPERIENCE:

Lead Front-end Web Developer

July 2023 – Jan 2024

CyberTech, (A Start-Up) Remote

- Guide the front-end team in adopting the latest technologies
- Overseeing the code quality by implementing guidelines for coding and reviewing team's codes
- Collaborate with backend developers, UI/UX designer and project manager

Front-end Web Developer Intern

May 2023 – July 2023

Lobmek Tech, (A Start-Up) Remote

- Accomplished the creation of Frontend Web pages with the help of React.js and Tailwindcss
- Created Web Pages that are responsive.
- Work in hand with senior developers.

Front-end developer intern

January 2023 – March 2023

Big Stack Tech, Calabar, Nigeria

- Assisting with coding under direction of professionals
- Testing existing codes
- Formatting of graphics for web use
- Creating responsive website

EDUCATION AND CERTIFICATION:

University of Calabar, Calabar, Cross River, Nigeria
